“ Me and him were friends since when he was 3. He use to live in my old neighborhood. I remember playing the game PvZ and Minecraft. I remember going to the zoo with him. He was a sweet guy. When he moved away I remember he visited back to hang out with me. I’m going to miss him. I wish we can hang out more..

“ When I think of Jonas, only good memories come to mind. He was so smart, funny and kind. I used to say that if everyone was like Jonas, the world would be a better place. But honestly, the world was better when he was the only one.

“ I met him in the 6th grade but became good friends in the 8th. While we would walk in the halls these random people would chase him down yelling “Hey Jonas! Jonas!” And would talk his ears off for like a good minute. Afterwards I would ask “who’s that” and he wouldn’t even know half the time. Or we would be having a conversation and mid sentence we would leave to open the door for someone or help someone out. After the first time he met my mom she was raving about how polite he was and how genuine he seemed. I know that Jonas IS very loved by a bunch of people. People he doesn’t even know.

“ Me and Jonas met back in the 6th grade, we both played trombone. In 7th and 8th grade we sat next to each other during performances and sometimes I couldn't keep a straight face because of a funny joke he cracked beforehand. And anytime I was having a bad day he'd notice and he'd light up the day by showing he cared. And he's given many people whether it's his friends, family or people who never got to know him perspective.

What I mean is he taught people about perspective.

“ I have met and been friends with Jonas ever since seventh grade when we met at CPJH. He was a great friend of mine and I enjoyed saying hi to him every time we see each other in the hallways a lot, and I enjoy his visits to my PE class a lot especially when we go outside to run a few laps. He is a very great kid and very sweet person throughout the years we've been on in High School. I appreciate everything he does for BYTE and Student Council. May he rest in peace and his memories will never fail to make my life better. Sending prayers to him and his family ❤️🙏🕊️

“ I remember your son coming in to the library at CFES when I worked at the school. So sweet and polite. The community grieves with you and prays for strength from God.
