“My sincere condolences to the family. I know your hearts are aching.

Patsy,

I've never known anyone quite like you and it has been a privilege. You came into my world over a love of jewelry design and stayed in my life for almost 30 years. You remained in my life until last July when you mysteriously disappeared from our twice weekly catchup calls. Luckily, each time we ended our phone calls we said "love you" to each other. Oh how I wish I would have gotten to tell you "love you" one more time.

I have so many fond memories with you. The first time you took me to a diamond dealer, the time we went to Costco to buy some Maui Jim sunglasses, when you would order half and half nachos at Papasitos, and the moments of surprise when you presented the pieces you designed for me, just to name a few.

Every time I wear a stunning one of a kind piece you designed for me, you are present in my life and will not be forgotten. Your generosity, kind spirit and loving soul is what this world needs more of.

Patricia Nathan, you were one of a kind and have left a giant hole in my heart. It has truly been a privilege to know and love you. I know you are in heaven enjoying all the Milky Midnights you can get your hands on.

Rest in peace dear friend.

“ My sincere condolences to the entire family of Patricia Nathan who I've been friends with for 45 years. I moved to Houston with my kids 45 years ago and Patsy and I became instant friends along with our children becoming friends. We used to get us some really good trouble she and I. She loved to laugh, she never wore a watch because she said it didn't really matter what time it was. I've been fortunate enough to see her a few times in the last four years when I travel back to Houston to see family. She's going to be missed by everybody that knew her she rest in peace and may her memory always be a blessing.
